Subject: Blitz Chevrolet Update - Offers Sought

Dear All,

I am sending this email to those who made an enquiry regarding the Blitz Chevrolet which the RAAHC is selling. It is surplus to our requirements and located in the Restoration Centre at North Head, Sydney.

As previously noted the vehicle is in fair condition but needs mechanical work to bring it to road worthiness condition. I have included a few more shots of the engine, engine cover and chassis.

The RAAHC is happy to negotiate with a collector for the sale. The conditions of sale:

1. Based on the highest offer received,
2. Ability to collect the vehicle within 42 days,
3. Acceptance of the vehicle as is.

I have taken a video but it is 129MB – if interested I will upload to dropbox for you to view.

Please advise me if you wish to make an offer.

Regards,

Peter
